FEPA Healthcare Working Group Objectives

1. Engage with state agencies and professional healthcare associations to collaborate on Healthcare Emergency Preparedness issues in the State of Florida.

2. Identify and develop training through FEPA to improve Healthcare Emergency Preparedness in the State of Florida.

3. Develop and maintain a knowledge base through FEPA for Florida Emergency Management Healthcare Plan Reviewers and Emergency Managers.

4. Prepare recommendations for state agencies and professional healthcare associations regarding Florida Law/Administrative Rules as requested.

5. Recognize the changing state of healthcare in Florida and adapt to the Emergency Preparedness needs of both Emergency Management and the Healthcare industry.

6. Participate in outreach activities with state agencies and professional healthcare associations to further the understanding and collaboration between Emergency Management and the Healthcare industry in Florida.

The 2019-2020 objectives have been aligned to the FEPA Strategic Plan's Mission, Vision, and Values.
