14) **West Broward High School**
    500 NW 209 Avenue, Pembroke Pines, FL 33029

Not all shelters may be open during a state of emergency. In the event of an evacuation order, monitor news reports or call the Broward County Emergency Hotline, 311 or 954-831-4000, for specific shelter openings.

Pet-Friendly Shelter

A pet-friendly shelter operated by the American Red Cross and the Broward County Humane Society is available to residents with pets who either live in an evacuation area, or a mobile home anywhere in Broward County. Pre-registration is required. Call the Humane Society at 954-989-3977.

PLAN A Evacuation
Typically a Category 1-2 hurricane.

PLAN B Evacuation
Typically a Category 3 or higher hurricane

Those persons located in low lying areas or beside tidal bodies of water should seek shelterelsewhere if conditions warrant. ALL mobile home residents must evacuate in PLAN A and PLAN B. In addition, mobile home residents may be ordered to evacuate if tropical storm conditions warrant.

HURRICANE PROCEDURES

Hurricane Season is an annual event in Broward County that spans a period of time between June 1st and November 30th. The most active time of the hurricane season corresponds with the beginning of each school year.

Florida State Statutes 252.38 (1) (d) and 252.385 (4) (a) (EXHIBIT C of this document) require the School Board in the affected area during a declared state or local emergency and upon the request of the director of a local emergency management agency, shall participate in emergency management by providing facilities and necessary personnel to staff such facilities. Each school board providing transportation assistance in an emergency evacuation shall coordinate the use of its vehicles and personnel with the local emergency management agency. The following sequence of events happens when a hurricane threatens the area.

I. Declared Emergency Event

How an Emergency is Declared:

A **Declared Emergency Event** is the declaration of a local emergency by city or county governmental authorities, or the proclamation by the governor of an emergency for the area.

Under the Stafford Act and Florida State Statute (FSS) Chapter 252, only the elected leadership has the authority to declare emergencies. Only the governor may request assistance from the president.

Flow Chart for a Declared Emergency

 (c) School Board of Broward County, FL

IN THE EVENT OF A DECLARED EMERGENCY EVENT

1. Existing contracts with Broward County and the American Red Cross state that these agencies are in charge of their respective shelters and personnel during an emergency.
2. The School Board provides buildings that the American Red Cross and Broward County have pre-selected to be used as emergency shelters.
3. These agencies reimburse the School Board for the salaries of School Board personnel required *by contract* to work the shelters, for the food and supplies used, utilities, and for any damages caused by shelter occupants.
4. Exempt-level administrative employee compensation for overtime worked during a declared emergency event is currently under revision (Exhibit A).

   Note: This is not part of the contract between the School Board and the Broward Chapter of the American Red Cross or Broward County.

II. Before the Storm

Level 1: Monitoring

1. A weather map provided by Broward County Emergency Management (BCEM) is faxed or e-mailed to the School Board's Manager of Emergency Management, following each advisory that is issued by the National Hurricane Center in Miami. A copy of the map is faxed to key departments within the District for distribution.
2. When necessary, conference calls are conducted between the appropriate emergency agencies, including the School Board Manager, Emergency Management, to convey vital information relating to the event.
3. The Manager, Emergency Management oversees the review and update of the hurricane section of the Emergency Preparedness Manual, the Hurricane Shelters Procedures Manual, and the Safety Department web site at: **www.broward.k12.fl.us/safetydept**
4. Physical Plant Operations (PPO) personnel will assist servicepersons at schools constructed with Enhanced Hurricane Protection Areas (EHPA) on emergency equipment operations.

Level 2: Partial Activation

Should a particular storm pose a possible threat to Broward County, the following happens:

1. BCEM proceeds with partial activation of the Emergency Operations Center (EOC), located at 201 NW 84th Avenue in Plantation.
2. BCEM notifies the School Board Manager, Emergency Management.
3. The School Board Manager, Emergency Management will attend meetings conducted at the EOC as warranted.
4. The School Board Risk Management, Emergency Management will contact the Superintendent and Chief Strategy & Operations Officer to advise that we are at partial activation of emergency operations.
5. The Manager, Emergency Management coordinates contacting Key Personnel to take appropriate preventive actions.
6. Schools continue to operate normally.
7. National Hurricane Center in Miami puts the area under a storm watch.
8. Weather Alert Radios will broadcast regular storm related bulletins.
9. The PPO Department and the Facilities Departments begin securing work sites and notifying contractors.
10. The PPO Department orders additional dumpster(s) for all primary, special needs, employee, and pet friendly shelters.

Continued next page

 (c) School Board of Broward County, FL

Level 2: Partial Activation (Continued)

11. The School Board Manager, Emergency Management will contacts the portable toilet vendor to place a minimum of 50 portable toilets on standby.
12. Building Manager for Technical Support Services Center (TSSC) begins preparing for shutdown and for possible use of the TSSC facility as a back-up command center following the storm.
13. The Manager, Emergency Management verifies with the Director of Food Services that food and supplies are ready in the shelters to be activated.

Level 3: Full Activation

Should a storm pose a definite threat to Broward County, the following sequence of events will occur.

1. **Facility Administrators activate the recommended list of tasks to be performed in preparation of the storm that is found under "Preparing Schools and Districts Sites for the Storm" (Exhibit D of this manual, page 87).**
2. BCEM proceeds with full activation of the EOC. All Broward County agencies respond.
3. The Manager, Emergency Management notifies the Director of Risk Management, and the Chief Strategy & Operations Officer Office and proceeds to the EOC to man the Emergency Support Function (ESF) Station designated for School Board emergency responders (ESF #18) (ESF #6).
4. The School Board Public Information Officer assists the EOC with public information about Schools (ESF #14).
5. The County Administrator per Broward County Resolution #95-335 becomes the Chief Executive Officer for the County.
6. The EOC conducts conference calls with the National Hurricane Center in Miami for continual updates on hurricane status.
7. The National Hurricane Center in Miami puts the area under a Hurricane Warning.
8. The County Administrator issues a local declaration of emergency and begins closing down non-essential county operations. The Administrator also gives the order to open shelters and conduct mandatory evacuations (determined by category of storm). A copy of the shelter listings can be found on pages 125-127.
9. The Manager, Emergency Management contacts the Superintendent (or designee) and the Chief Strategy & Operations Officer and informs them about the County Administrator's decision to open shelters and close schools.
10. The Superintendent notifies the School Board Chairperson, Board Members and Senior Leadership Team, and issues a directive to close schools and District operations and to dismiss staff.
11. The Public Information Officer notifies the news media.
12. Schools begin to close.
13. The Manager, Emergency Management contacts all shelter operations personnel to report to their designated shelter. Please refer to Hurricane Procedure Flow Chart, Page 1 of this manual.
    a. Food Service
    b. Physical Plant Operations
    c. Principals
    d. Facility Servicepersons
14. The site TLC or Micro-computer Technology Specialist to relocates the Principal's desktop Tandberg videoconferencing systems to the pre-designated shelter location within the school and/or shelter location.
15. The Manager, Emergency Management, contacts the Director of Student Transportation and Fleet Service for possible use of buses in evacuation.
16. The Manager, Emergency Management, contacts Director of Food Service to provide food to the shelters.
17. Weather radios continue to broadcast weather alerts and warnings.
18. The Manager, Emergency Management, monitors shelter openings and assists the Red Cross and Broward County as warranted.

Continued next page

Level 3: Full Activation Continued

19. All Key Personnel should have their Emergency Preparedness Manual with them when they leave work. This manual may be downloaded and printed from the safety web site at www.broward.k12.fl.us/safetydept. The book is listed under the **Reference Materials** section and is password protected. The password to open the document is "**safety**".
20. The Senior Leadership Team should take their portable radios and chargers with them when they leave work.
21. Information and Technology Department (IT) initiates their Emergency Plan.
22. The Security Monitoring Office activates their Emergency Plan.
23. The TSSC Building Manager secures the building.
24. The Senior Leadership Team and Board Members check portable television and keep vehicle power adapter on hand.

III. School to Shelter Transition

1. Prior to opening up the school as a shelter, telephones located in the general public areas of the shelter must be set so they cannot be used to make long distance phone calls. Anyone needing to make a long distance phone call (in an emergency situation) must contact the Shelter Manager for approval and follow the School District's procedure for long distance phone calls so the School District can be compensated for the long distance phone call charge. Both the person making the phone call and the Shelter Manager must sign off on the District's Long Distance Phone Call Log Sheet with the name of the person called and the date and time of the call.
2. School Board personnel assigned to shelter duty report to the appropriate school/shelter location at the time the Manager, Emergency Management has determined.
3. Principals are not required to stay at the shelter during the event.
4. It is recommended that the Shelter Manager meet with the School Administrator of the shelter school to coordinate what rooms will be used before, during, and after the storm.
5. School Administrator fills out Part I of the Site Review Form with the Shelter Manager identifying the condition of the shelter prior to occupancy (See Hurricane Shelters Procedures Manual).
6. The Manager, Emergency Management, recommends that school staff set aside a room away from the general public for their use during the shelter's operation.
7. The School Board allows the school staff who is working the shelter to house their small pets in a designated room while they are working in the shelter. *The general public is not allowed to bring pets to a shelter. Please do not let the public see the animals. Refer any persons inquiring information about pet friendly shelter to the Humane Society.*
8. Do not use wrestling mats for the public, or allow equipment on wood gym floors or stage.
9. Do not use sensitive areas of the school such as, computer labs, media centers as a shelter area for the general public.
10. Cooperate with the agencies and assist with their needs as warranted. This could include the use of television sets, telephones, fax machine, video tapes, coffee pots, chairs, tables, portable radios, bulletin boards, intercom, tumbling mats, etc.
11. Provide time sheets to School Board personnel who will be working the shelter. The start time is that time which the shelter duty personnel reported to the shelter, as determined by the Manager, Emergency Management. Normally, this occurs 3 hours prior to the opening of the shelter. Please use the procedure found in the Hurricane Shelters Procedures Manual.
12. Service personnel should stock the restrooms with soap, paper towels and toilet paper as warranted.
13. All schools need to complete the recommendations listed as "Exhibit D" (page 87 of this Manual) for preparing their school sites for a hurricane.
14. If the Media Center must be used, it is recommended that only police, fire, EMS, or shelter staff use the room – not the general public.
15. Advise police personnel of the location of the security camera monitoring equipment.
16. Separate phone lines are available in the Cafeteria Manager's Office for shelter manager use.

SCHOOL TO SHELTER TRANSITION CONTINUED NEXT

17. PPO and the Facilities Department staff surveys the schools to ensure all construction sites are secure.
18. PPO receives a work order number from COMPASS designated for the storm event.
19. PPO arranges to provide additional refuge containers for shelter occupant use. 19. RACES (volunteer radio operators) have assigned a volunteer to operate a short wave radio at each shelter. The antenna and cable are located in each shelter's kitchen area.
20. Many local jurisdictions will provide police and fire/rescue personnel to assist with shelter operations. The Broward Sheriff's Office (BSO) will provide deputies to all of the shelters. BSO Fire Rescue Division will provide a rescue unit to all Special Needs Shelters. The Manager, Emergency Management recommends that the shelter manager designate a specific area for these personnel.
21. The shelter manager should designate a suitable area within the shelter to treat injuries/illness emergencies.
22. An area (i.e., storage room, etc.) may be needed to hold a fatality until emergency services are dispatched after the storm. DO NOT USE A CLASSROOM.

IV. DURING A STORM

1. The Manager, Emergency Management representative monitors the shelter operations at the EOC, as long as communication systems remain operational.
2. The School Board Security Monitoring Office at (754)321-0161 continuously monitors (24-hours) Risk Management, Emergency Management office number (754)321-1900 and school security alarm systems as long as the telephone system remains operational.
3. If the telephone system fails, appropriate agencies, such as Police Departments, RACES, BSO, FD/EMS, Red Cross, etc., provide back-up portable and short wave radios at each shelter.
4. When sustained winds reach 40 miles per hour, all school buses are taken off the road and suspended. NOTE: As the storm conditions intensify, there will be no emergency response to shelters.
5. No smoking is allowed in any School Board facility.
6. School service personnel continuously monitor supplies in restroom. Report shortages to the Shelter Manager.
7. All problems/emergencies occurring within a shelter are to be forwarded to the EOC through the Red Cross/Broward County shelter manager or other official (i.e., police or fire).

V. Storm Over "All Clear" Damage Assessment

1. The National Hurricane Center in Miami will notify the EOC of the "All Clear".
2. The EOC will dispatch teams to access the damage to Broward County and determine the ability of the County to go back into operation.
3. Risk Management, Emergency Management will contact the Superintendent and the Chief Strategy & Operations Officer of the "All Clear".
4. The Superintendent will notify the School Board Chairperson, Board Members, and Senior Leadership Team.
5. PPO Areas will initiate a "Safety Survey" of all District property to determine the ability of the District to re-open.
6. The PPO Director provides a status report of the District's infrastructure to the Chief Strategy & Operations Officer who forwards the information to the Superintendent.
7. If the storm damage is severe, representatives from the Facilities Department and Uniform Building Code (UBC) inspectors from the Building Department will conduct structural damage surveys and provide a report.
8. Activate Statewide Mutual Aid Agreement* between School Districts (Exhibit "B" of this manual), if warranted.

Continued on Next Page

V. Storm Over "All Clear" Damage Assessment (Continued)

9. If Broward County cannot operate due to severe damage, and there are a great number of homeless, any District school facility that is available can be requested for use as a shelter or as a staging area. The Partnership Department will coordinate volunteer activities with Volunteer Broward (ESF 15)
10. The TSSC building manager prepares the TSSC Building for possible use if the KCW Building is not accessible. Supplies include, but are not limited to, food, water, telephones, furniture, supplies, wall mounted school map, bulletin board, television set, teleconference equipment, etc.
11. The Manager, Emergency Management has provided shelter lists to FPL, and to telephone and gas companies who have included them as part of the agencies' priority list for utility service restoration.
12. The Security Monitoring Office and the Broward District Schools Police Department resume operations.
13. After PPO has determined which schools are safe enough for school staff to occupy, a bridge call request will be sent out from the Chief School Performance & Accountability Officer to all school administrators for an update. The prearranged "safe" team (i.e.: administrators, service person, cafeteria persons, technical persons) of those schools that have been determined safe will go and check for further problems that may be a result of the storm.
14. Any serious damage that the School Safe Team may observe should immediately be reported it to the Chief School Performance & Accountability Officer so the problem can be relayed to the appropriate department.
15. **DO NOT GO INTO A SCHOOL ALONE.**
16. Assign staff to stay at the school site from 7:00 a.m. to 7:00 p.m. to keep the site available for responses from PPO, Florida Power and Light, Southern Bell, etc.

*Our District may be called upon by other school districts in the State to provide mutual aid, as warranted.

VI. SHELTER TO SCHOOL TRANSITION

1. If Broward County has suffered minor damage and can operate, the County Administrator and the Superintendent of Schools cooperatively establish a time to close shelters and re-open schools.
2. The Superintendent issues a directive advising when schools will re-open.
3. The Public Information Officer notifies the local media.
4. Once the time has been established, the American Red Cross and Broward County will begin moving people out of the school shelters.
5. School administrators survey their schools for damages suffered from being used as a shelter. "Part II" of the *Site Review Form* should be filled out with the shelter manager. The Site Review Form can be found on page 69 of this manual.
6. The school administrator notifies the Manager, Emergency Management of damage that needs to be repaired prior to the opening of school.
7. The Manager, Emergency Management notifies the PPO Director of needed repairs at shelters. The PPO Director notifies the Chief Strategy & Operations Officer.
8. The Chief Strategy & Operations Officer notifies the Superintendent of the condition of all schools used as shelters.
9. The school administrator sends in time sheets for the employees that worked in the shelter to the Payroll Department for processing. **A copy is also sent to the Manager, Emergency Management.** The employees will receive their pay through normal pay processes. Procedures for payment and forms can be found in the District's **HURRICANE SHELTER PROCEDURES MANUAL**.
10. Please see the next page, Section VIII, "Federal Emergency Management Association (FEMA) Reimbursement Consideration" for payment of any non-shelter personnel who worked during Pre or Post Storm hours.
11. All departments report to work and schools re-open.

 (c) School Board of Broward County, FL

VII. Administration "Back Up Plan"

1. In the event that storm damage prevents the use of the KC Wright Building in downtown Fort Lauderdale, the TSSC Building located at 7720 W Oakland Park Boulevard in Sunrise will be used as a “back up” center (refer to District’s Manual for Emergency Operations Center). In the event that the TSSC Building is not available, Key SLT Staff will meet at the Broward County EOC. The Manager, Emergency Management will employ the Mobile Communications Vehicle (MCV) for operations and communications.
2. The TSSC building manager opens up the building.
3. The Broward District Schools Police Department provides security.
4. FISH number 253 on the second floor is the back-up command room for the Superintendent and SLT Members. The School Board will administer start-up operations from this room.
5. Employees will be able to use 754-321-0321 as the “Hot Line” telephone number for information about the school system recovery.
6. The Manager, Emergency Management has provided emergency signs to SLT Members for identification during declared emergencies. These signs should be placed on the dashboard of the driver's side of their vehicle while traveling to help get through conditions such as police roadblocks, etc.
7. If SLT Members cannot travel to the TSSC Building due to conditions in their neighborhood, contact the Manager, Emergency Management at 754-321-1900 or by portable radio. A 4-wheel drive truck will be dispatched to their residence.
8. If communications fail, the Superintendent can communicate with Senior Management via portable radio on Channel A, #1.
9. SLT Members should monitor their portable radios and keep the battery fully charged. The radios should be kept on Channel A, #1.
10. Additional School Board personnel will be ordered back to work as needed per the District’s Emergency Call Out List (A,B,C,D)

VIII. FEDERAL EMERGENCY MANAGEMENT ASSOCIATION (FEMA) REIMBURSEMENT CONSIDERATION

1. Any School Board employee, including those covered in Exhibit “A” of this manual (page 84) that satisfies **both** of the following conditions should fill out the form located on page 71 of this manual.

   a. The employee worked *prior to, during, or after* a declared emergency.
   b. The “work” is conducted *before or after normal work hours*.

   “Work” includes any measures taken before a storm to protect the site, buildings, or equipment, etc.

   “Work” also includes any measures taken after a storm to prevent additional damage or conduct clean up or repair, etc.

   Only work that is conducted before or after normal work hours, or when the School District is closed, can be considered for compensation.

2. Forward the original copy to the Payroll Department for payroll processing.
3. Forward a copy to the Manager, Emergency Management for their records.
4. Take pictures of all damages for documentation.

 (c) School Board of Broward County, FL

HURRICANE PROCEDURES FOR SHELTERS

The School Board shall provide sites that are selected by the American Red Cross and Broward County to provide emergency assistance to the community as designated by Florida State Statutes.

The emergency sites designated in the program were selected on the basis of community's needs and the site's adaptability to servicing those needs.

The Superintendent of School's designee at Risk Management, Emergency Management will advise the Director, Physical Plant Operations that the Emergency Plan is being activated when Broward County and the American Red Cross issues a request to open hurricane shelters.

If the Superintendent is not unavailable, the following designee shall have the authority to authorize Risk Management, Emergency Management to open schools and activate the Emergency Plan.

Chief of Staff : Jeffrey Moquin
Office: 754-321-2650 Cell: 954-401-2979

The Risk Management, Emergency Management will advise the Chief School Performance & Accountability Officer that the emergency plan is now being activated.

HURRICANE PROCEDURES FOR SHELTERS (cont'd)

The Risk Management, Emergency Management Designee shall:

1. **Notify the shelter principals and shelter facilities servicepersons that their school shelter is being activated.**

2. **Notify the Director of Food Service to inform shelter cafeteria managers that their school shelter is being activated.**

   Mary Mulder Office: 754-321-0215 Cell: 954-803-8671

3. **Notify the Director, Physical Plant Operations to inform electricians, plumbers, and HVAC persons to report to their assigned Special Needs Shelter.**

   Sam Bays Office: 754-321-4634 Cell: 954-254-3020

HURRICANE SERVICES:

1. **The Board will allow the Red Cross to select and utilize any available facilities they deem appropriate and necessary as emergency shelters. The locations delineated in this book have been surveyed and selected by the Red Cross for this contract. Further, the Board shall allow the Superintendent or his designee to add to the facilities list by substitution, addition or deletion to accommodate the needs of the Red Cross in servicing the community during a hurricane emergency.**

2. **The Board and the Red Cross agree to a minimum of two (2) facilities servicepersons to report to the site, open the shelter and remain at the facility until the emergency is terminated. The workers shall be paid from their time of arrival until their time of departure.**

   The Facilities Servicepersons shall be compensated in compliance with Board Policy 1341 and the Board's Union contract. The Board agrees the Red Cross may request additional Facilities Servicepersons.

   During and after an emergency, the Board will, at the discretion of the Board, utilize Facilities Servicepersons assistance for cleaning services and the Red Cross will be billed for these services that are directly attributed to the use of the facilities by the Red Cross.

3. **The Board and the Red Cross agree to a minimum of one (1) Cafeteria Manager or their designee to supervise the kitchen area, disburse and monitor food and to aid in serving food during the emergency. The Board agrees the Red Cross may request additional Food Service personnel.**

4. **All Food Service Personnel shall be paid from their time of arrival until their time of departure. All Food Service Personnel shall be compensated in compliance with Board Policy 1341 and the Board's Union contract.**

   The Board agrees to permit the Red Cross to utilize any and all commodities available at each facility. USDA will replace the commodities that are furnished by USDA, and the Red Cross at the original invoice price will reimburse all the commodities distributed or purchased.

CONTINUED NEXT PAGE

HURRICANE PROCEDURES FOR SHELTERS (cont'd)

5. **The Red Cross agrees to survey the intended shelter sites and work with the School Principal to identify specific locations to be utilized within the buildings to meet the needs of the Red Cross.**

6. **The Red Cross agrees to present an in-service training program to the Board employees, who choose to volunteer to assist full time Red Cross Volunteers at our school sites. At the beginning of each hurricane season the Board will provide a facility for training.**

7. **The Red Cross agrees to repay the Board for any and all damages occurring as a result of their use. For example: any items broken, requiring repair will be reported to the Red Cross and the Board Maintenance Department. An invoice will be generated to the Red Cross that reflects the actual time and material charges. In addition, any cleaning of school buildings needs joint approval from the Red Cross Disaster Director and the Board Department Representative. This work may include but not be limited to steam carpet cleaning, (only to those areas used by the shelter may be serviced). Approved charges will be submitted to the Red Cross for payment.**

8. **The Red Cross agrees to provide reimbursement for all charges within 120 days of completed receipts listing those employees by name, personnel number and actual time worked.**

EMERGENCY SHELTER SITES

Upon notification of the opening of the emergency shelters, the principal or designee shall complete the site review form located on the page 69 of this manual, and upon closing of said site, the principal or designee shall again review the site and complete the lower portion of the form. Copies of the forms should be forwarded to the Safety Department.

During the emergency, the Red Cross shall be in complete control of the facility and its occupants.

For registration of Special Needs Evacuees,
Please Call 954-537-2888.

Homeless Shelters: 954-534 BEDS.

PET FRIENDLY SHELTER GUIDELINES can be found on pages 33 and 34.

FOR SHELTER SITES ONLY
(See pgs 3-6 for list of schools that are shelters.

DO NOT POWER DOWN THE TELEPHONE SYSTEM OR THE NETWORK ROUTER, INCLUDING THE ONEAC AND ROUTER UPS UNITS.

PET FRIENDLY SHELTER

In the event that primary shelters are activated, Millennium Middle School in Tamarac will also be opened as a pet friendly shelter. The pet friendly shelter will be housed in the gymnasium and will be monitored by the Humane Society of Broward County. The Broward Chapter of the American Red Cross will operate the cafeteria for the people who own the pets. The School District will provide a cafeteria person and two (2) service persons to assist in shelter operation. It is estimated that the pet population will be approximately 350 and the person population will be at 450.

The Humane Society will set up the gymnasium for the pet shelter. This includes but is not limited to the following:

1. **Register and inspect all pets – check for shots and licenses.**
2. **Provide plastic to protect the gymnasium floor.**
3. **Provide a list pets that are permitted.***
4. **All pets must be pre-registered in person at the Humane Society, located at 2070 Griffin Road in Fort Lauderdale.****
5. **Provide cages for all animals. Owners are encouraged to bring their own cage(s).**
6. **Provide food for animals. Owners should bring special food for pets.**
7. **Provide medications.**
8. **Clean up after the storm. This will be a joint venture with the Humane Society and the School District.**
9. **A veterinarian will be on site to check pets.**
10. **For identification purposes, a photo will be taken of the pet with its owner.**

*** Pets are defined as dogs, cats, birds, ferrets, guinea pigs, and rabbits. No reptiles.**
****Only residents who reside in Broward County and in an evacuation zone will be permitted to register.**

In the event of a major hurricane (category 5), the people in the cafeteria will be relocated to Challenger Elementary School. The pets will stay in the gymnasium. Prior to severe storm conditions, owners will be allowed to walk and tend to their pet(s) in a designated area set up by the Humane Society.

 (c) School Board of Broward County, FL

PET FRIENDLY SHELTER (Cont'd)

All other functions of this shelter are the same as for other shelters operated by the American Red Cross.

Prior to occupancy by students, the gymnasium and surrounding rooms will be treated by the District's pest control vendor. Pest control costs will be submitted to the county with other appropriate shelter costs for reimbursement.

Humane Society of Broward County Pet Friendly Shelter Guidelines

If a storm approaches Broward County, the Humane Society of Broward County (HSBC) will activate its HURRICANE HOTLINE. For those individuals with pets that need to find a hotel or boarding facility, you can call 954-266-6871 or visit the shelter's website at www.humaneboard.com

If you live in a mandatory evacuation zone or a mobile home park and you have a pet, the HSBC encourages you to go to the home of a friend or relative who will welcome you and your pet(s). If you cannot make such accommodations, you can go to the HSBC's Pet Friendly Shelter. However, space is limited. The Millennium Middle School in Tamarac, located at 5803 N.W. 94 Avenue is the first "Pet Friendly Shelter" in the county and was created specifically so pet owners can bring their pets during declared emergencies and be sheltered in the same facility.

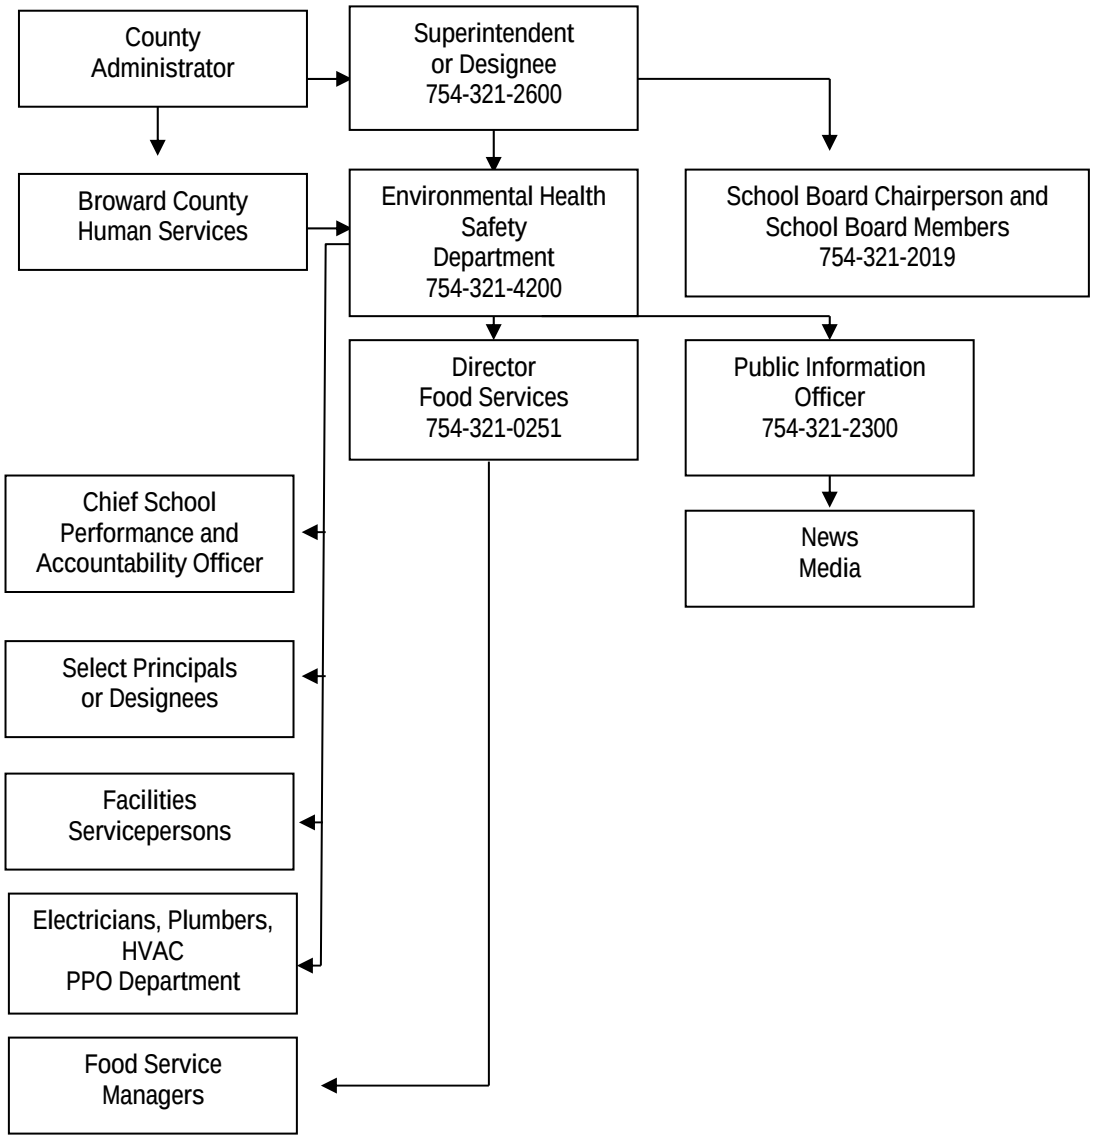
IN ORDER TO BRING YOUR PET(S), THEY MUST BE UP TO DATE ON THEIR RABIES VACCINATION AND HAVE A CURRENT LICENSE TAG.

The pet friendly shelter is the creation of the HSBC in cooperation with the Broward Chapter of the American Red Cross and the School Board of Broward County. The project is supported by the Broward County Emergency Management Organization.

If you do not have access to the HSBC website, call the HBSC hurricane hotline at 954 -266-6871 and they will try to help you with a list of accommodations that allow pets.

DO NOT UNDER ANY CIRCUMSTANCE LEAVE YOUR PET(S) OUTSIDE, BRING THEM IN! PREPARE NOW!

BROWARD COUNTY COMMISSIONER'S SPECIAL NEEDS SHELTERS



INSTRUCTIONS:

- **The County Administrator advises the Director of Broward County Human Services and the Superintendent or Designee to activate the Emergency Plan**

- **The Superintendent is notified immediately. The Superintendent notifies the School Board Chairperson and School Board Members**

- **The Director of Environmental Health Safety then notifies Chief School Performance and Accountability Officer, principals, service persons, PPO Department, and proceeds to activate the Emergency Plan**

- **The Director of Food Services contacts the Food Service Managers and advises them to report to their schools at the designated time**

 (c) School Board of Broward County, FL

THE BROWARD COUNTY BOARD OF COUNTY COMMISSIONERS
SPECIAL NEEDS SHELTERS
HURRICANE SERVICES

The Broward County Commission selects FIVE (5) Special Needs Centers for the medically fragile residents of Broward County.

Broward County Commission personnel identify individuals who require the specialized services offered by the County in these facilities and will provide transportation to each of the sites the Board approved.

The Board approved contract document details the responsibility of the County in operating these Centers.

The opening and closing procedures of these sites follow the same format as those utilized by the American Red Cross.

1. The Board will allow Broward County to select and utilize any available facilities they deem appropriate and necessary as hurricane shelters. The Board shall allow the Superintendent or his designee to add to the facilities list by substitution, addition or deletion to accommodate the needs of Broward County in servicing the community.

2. The Board agrees to request a minimum of four (4) Facilities Servicepersons to report to the site, open the shelter and remain at the facility until the emergency is terminated. These workers shall be under the direction and control of the County. The workers shall be paid from their time of arrival until their time of departure. All Facilities Servicepersons shall be compensated in compliance with Board Policy 1341 and the Board's Union contract. Broward County shall reimburse the Board for all salaries and fringe benefits incurred.

3. The Board agrees additional Facilities Servicepersons and/or Maintenance personnel may be requested by Broward County. These workers shall be under the direction and control of the County. All Facilities Servicepersons shall be compensated in compliance with Board Policy 1341 and the Board's Union contract. Broward County shall reimburse the Board for all salaries and fringe benefits incurred.

4. During and after an emergency, the Board will, at their discretion, utilize Facilities Servicepersons assistance for cleaning services and Broward County will be billed for these services that are directly attributed to Broward County's use of the facilities.

5. Broward County agrees to survey the intended shelter sites and work with the School Principal to identify specific locations to be utilized within the buildings to meet the needs of Broward County. Broward County may make modifications to the selected facilities (including the construction of storm shutters) for purposes of improving accessibility and improving the security of the facilities against damage. The Board reserves the right to review all specifications for permanent modifications and retains the right for final inspection.

6. Broward County agrees to provide the Board with the names and telephone numbers of Broward County personnel assigned to the sites by May 15th of each year.

 (c) School Board of Broward County, FL

THE BROWARD COUNTY BOARD OF COUNTY COMMISSIONERS
SPECIAL NEEDS SHELTERS HURRICANE SERVICES (Cont'd)

7. Broward County agrees to repay the Board for any and all damages occurred as a result of their use. For example: any items broken requiring repair will be reported to the Board's Maintenance Department. An invoice will be generated to Broward County, which reflects the actual time and material charges. In addition, all cleaning including but not limited to steam carpet cleaning, will be performed by Board staff. Time and charges will then be submitted to Broward County for reimbursement. It is the Board's responsibility to the residents of Broward County to reopen schools as quickly as possible so students may resume their normal education.

8. Broward County agrees to provide reimbursement for all charges within 120 days of receipt of an invoice.

9. Broward County agrees to inspect, fuel and repair the generators prior to any emergency. The Board assumes no liability for the operation of any generators or any other lift support device since the Board has no control over any of the special equipment necessary for persons at special need shelters. The Board cannot be certain that the generator capacity is equal or exceeds the needs of the shelters.

Further, Broward County is responsible for the assignment of qualified medical and other personnel in adequate numbers to render proper and appropriate needs in the special needs shelters.

Notwithstanding any other agreements, The Broward County Board of County Commissioners agrees to defend, hold harmless and indemnify The School Board of Broward County, Florida against any legal liability in respect to bodily injury, death and property damage resulting from The Broward County Board of County Commissioner's negligence during its use of the property belonging to The School Board of Broward County, Florida.

LIST OF COUNTY STAFF AT EOC AND SHELTERS (BY SHIFT) 2008

IF YOU NEED TO REACH COUNTY SHELTER STAFF, PLEASE CONTACT THE EOC ESF 18 TABLE AT THE NUMBERS LISTED BELOW. THE EOC STAFF CAN ALSO GET IN CONTACT WITH THE HOSPITAL DISTRICT NURSING MANAGER STAFF VIA THE EOC ESF 8 TABLE, SO PLEASE CALL THESE NUMBERS AND THE EOC STAFF WILL QUICKLY GET YOU IN TOUCH WITH WHOMEVER YOU NEED.

EOC ESF 18 phone numbers – connect directly with staff at the EOC.
954-831-3835 954-831-3836 954-831-3837
954-831-3838 954-831-3839 954-831-3840

Additionally, each shelter site will have an assigned cell phone which will be used by each shift to contact the EOC or to conduct shelter operations business. Each shift will have a designated person as the lead for that shift, who will have the assigned cell phone for that shelter. When the time comes for a shift change, the oncoming staff will call the EOC and inform them they have the cell phone for that new shift.

THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

RISK MANAGEMENT DEPARTMENT

TELEPHONE: 754-321-1900 FACSIMILE: 754-321-1917

HURRICANE SHELTER EMPLOYEE PAYROLL REIMBURSEMENT CONSIDERATION PROCEDURES

1. After the emergency, payroll information and forms will be issued. The principal and/or designee *and* SLT MUST sign these forms. Sample forms are on page 73-75.

2. Employee(s) will be paid by the school/department. The District will submit for reimbursement as warranted to Broward County, American Red Cross or FEMA. Approved expenditures from these agencies will be reimbursed to the District.

3. Send via pony mail the payroll sheet that the employee(s) will be paid from to the Risk Management Department. **Send the original to the Payroll Department for payroll processing**. The principal's/designee *and* SLT must sign the forms. Their home school, not the school where they worked, will pay employees.

4. Designated employees will be paid per Union contracts as delineated in the contracts on file with the American Red Cross and Broward County.

5. Special Needs Shelters will require one electrician, four servicepersons and three cafeteria employees. All other shelters require one cafeteria manager and two servicepersons.

6. Salaries for employees, not delineated in the contracts on file with the American Red Cross or Broward County, will not be approved for reimbursement to the District (i.e. security specialists, principals, assistant principal, etc.). Some of these may be covered under Exhibit "A" of this manual.

Note: Salaries of employees listed in items #4 and 6 above that do not meet requirements delineated in the contracts on file with American Red Cross and Broward County will be the responsibility of the school. Records must be kept for possible reimbursement consideration by FEMA, by filling out the form provided on page 71 of this manual.

Should you have any questions or require further information, please contact our office at 754-321-1900.

Top 10 Tips for School Bus Stop Safety

1. Wear light colored clothes to bus stops for high visibility since power and lighting is limited.
2. Use flash lights and other light devices on the way to the bus stop. Do not use candles.
3. Cross streets only at corners, if possible.
4. Do not cross streets in between piles of debris to avoid visibility problems with oncoming vehicles.
5. Do not play in or with piles of debris.
6. Leave early. For added safety, a parent should accompany children to the bus stop.
7. If your bus stop is located mid-block, do not cross the street until after the bus comes to a complete stop, the stop signs and lights on the bus are activated, and oncoming traffic stops.
8. Avoid any downed power lines.
9. If your bus stop is blocked by debris, please go to the closest clear area and flag the bus driver down.
10. Please allow at least 30 minutes for late school buses if traffic congestion and road conditions are an issue. The following phone numbers can be called for late school buses weekdays from 7:00 a.m. to 7:00 p.m.
    - South Area: 754-321-4100
    - Central West: 754-321-4160
    - Central: 754-321-4480
    - North: 754-321-4000
    - North West: 754-321-4050

Remember! Please be patient and flexible during this time.

POST HURRICANE
SAFETY TIPS FOR SCHOOL WALK-ROUTES

The Manager, Emergency Management in conjunction with the Broward County Fire Chiefs, Police Chiefs, and BSO has worked together to develop the following safety tips:

1. In the event school speed limit signs are down and yellow lights will not be working. Please observe 15 MPH speed limit when students are present around schools and school crossings.
2. Please consider any traffic signals that are completely out as 4-Way Stops.
3. Intersections with yellow or red flashing lights need to be adhered to.
4. Recommend all parents to conduct a pre-walk/pre-drive to their neighborhood school and, if needed, come up with a safer route.
5. Prior to school opening, report any unsafe walk areas to the Broward County Emergency Hotline at (954) 831-4000 or 311 where it will be forwarded to the appropriate agency.
6. Avoid any downed power lines.
7. Anticipate delays in bus stop pick-ups and drop-offs due to traffic congestion and road conditions.
8. Yield Right-of-Way to all school crossing guards and others in marked school crossings that are assisting children crossing streets.
9. School speed limits will be strictly enforced in areas adjacent to school sites and school crossings.
10. In areas where power is out, provide students with flash lights or other light devices for their walk route to early bus stop pick-ups (do not use candles).
11. Do not cross streets in-between piles of debris to avoid visibility problems.
12. Cross streets only at corners.
13. Do not play in or with piles of debris.
14. Parents should get together and set up car pools.
15. If children come across a hazard on the way to school, report the hazard to a school crossing guard, police officer, or school staff.
16. Leave early to allow plenty of travel time.

BUSINESS PRACTICE BULLETIN
The School Board of Broward County, Florida

BULLETIN NO.: PR-114
PAGE: 1 OF 5
DATE: August 9, 2010

SUBJECT: EMERGENCY PAY PROCEDURES

GENERAL:

The purpose of this bulletin is to outline the procedure for paying employees who were either authorized or called back to work during a declared emergency period. An emergency is declared by the Superintendent or his/her designee or the Board when a condition out of the control of the Board occurs, such as a hurricane, tornado, windstorm, flood or any other act of nature or mankind. Employees who are required or called back to work during a declared emergency period will be compensated at the "emergency pay" rate stated in their bargaining unit contract in effect at the time of the emergency or as determined by the Superintendent and/or Associate Superintendent of Human Resources. The start and end dates of the declared emergency period are determined by the State or the Superintendent or his/her designee. Declared periods may be extended for certain groups of employees depending upon the severity of the emergency.

AUTHORIZATION TO WORK

Only employees who were authorized or called back to work by their Principals/Directors, Executive Leadership Team member or the Superintendent will receive compensation for hours worked during a declared emergency. Employees who receive authorization or were called back to work must follow the call back procedures when reporting to work during a declared emergency unless directed otherwise by their Principal/Department Head, their Executive Leadership Team member or the Superintendent.

APPROVAL PROCESS

All employees who were authorized or called back to work during a declared emergency must complete an emergency timesheet. All timesheets must be approved and signed by the appropriate administrator and/or Executive Leadership Team member prior to time entry or payment of the hours. Emergency hours must be documented and approved prior to following the time entry instructions.

EMERGENCY TIMESHEETS/DAILY ACTIVITY REPORT

Emergency Timesheets must be used to document hours worked during a declared emergency. All employees who worked during a declared emergency must complete an Emergency Timesheet within 5 days after the work is performed. Copies of completed and approved timesheets must be distributed as follows prior to time entry:

(1) Original kept at the location for auditing purposes
(2) Copy sent to Payroll for payroll purposes
(3) Copy sent to the Safety Department for emergency expenditure tracking purposes.

AGENDA REQUEST
THE SCHOOL BOARD OF BROWARD COUNTY, FLORIDA

Meeting Date	Open Agenda	Time Certain Request	Agenda Item Number
06/18/02	___Yes __x_ No	___Yes __x_ No	I-22

TITLE:
Statewide Mutual Aid Agreement

REQUESTED ACTION:
Approve this Agreement with the State of Florida Department of Community Affairs to provide reciprocal assistance during times of Disaster.

SUMMARY EXPLANATION AND BACKGROUND:

The State of Florida Department of Community Affairs Division of Emergency Management has the authority to coordinate assistance between local governments during emergencies. This agreement is used to designate applicants as a "participating party" and offers them the opportunity to request assistance from others in the mutual aid network.

This process has been informally in place for several years. Through participation in this program the district with increase effectiveness formalizing the process and adopt procedures for requesting assistance and securing reimbursement.

This agreement is approved as to form by School Board Attorney

MAJOR SYSTEM GOALS:

__•Goal One: All students will achieve at their highest potential.
__•Goal Two: All schools will have equitable resources.
__•Goal Three: All operations of the school system will support and align with student achievement and needs.
_X•Goal Four: All stakeholders will work together to build a better school system.

FINANCIAL IMPACT:

There is no financial impact to the school board.

FLORIDA STATE STATUTE

PUBLIC SHELTER SPACE

FSS 252.38 (1) (d) (d) During a declared state or local emergency and upon the request of the director of a local emergency management agency, the district school board or school boards in the affected area shall participate in emergency management by providing facilities and necessary personnel to staff such facilities. Each school board providing transportation assistance in an emergency evacuation shall coordinate the use of its vehicles and personnel with the local emergency management agency.

252.385 Public shelter space. -- (1)It is the intent of the Legislature that this state not have a deficit of safe public hurricane evacuation shelter space in any region of the state by 1998 and thereafter.

(2)(a)The division shall administer a program to survey existing schools, universities, community colleges, and other state-owned, municipally owned, and county-owned public buildings and any private facility that the owner, in writing, agrees to provide for use as a public hurricane evacuation shelter to identify those that are appropriately designed and located to serve as such shelters. The owners of the facilities must be given the opportunity to participate in the surveys. The state university boards of trustees, district school boards, community college boards of trustees, and the Department of Education are responsible for coordinating and implementing the survey of public schools, universities, and community colleges with the division or the local emergency management agency.

(b)By January 31 of each even-numbered year, the division shall prepare and submit a statewide emergency shelter plan to the Governor and Cabinet for approval, subject to the requirements for approval in s. 1013.37(2). The plan shall identify the general location and square footage of special needs shelters, by regional planning council region, during the next 5 years. The plan shall also include information on the availability of shelters that accept pets. The Department of Health shall assist the division in determining the estimated need for special needs shelter space and the adequacy of facilities to meet the needs of persons with special needs based on information from the registries of persons with special needs and other information.

(3)The division shall annually provide to the President of the Senate, the Speaker of the House of Representatives, and the Governor a list of facilities recommended to be retrofitted using state funds. State funds should be maximized and targeted to regional planning council regions with hurricane evacuation shelter deficits. Retrofitting facilities in regions with public hurricane evacuation shelter deficits shall be given first priority and should be completed by 2003. All recommended facilities should be retrofitted by 2008. The owner or lessee of a public hurricane evacuation shelter that is included on the list of facilities recommended for retrofitting is not required to perform any recommended improvements.

(4)(a)Public facilities, including schools, postsecondary education facilities, and other facilities owned or leased by the state or local governments, but excluding hospitals, hospice care facilities, assisted living facilities, and nursing homes, which are suitable for use as public hurricane evacuation shelters shall be made available at the request of the local emergency management agencies. The local emergency management agency shall coordinate with these entities to ensure that designated facilities are ready to activate prior to a specific hurricane or disaster. Such agencies shall coordinate with the appropriate school board, university, community college, state agency or local governing board when requesting the use of such facilities as public hurricane evacuation shelters.

FSS 1013.372 (1) The Department of Education shall, in consultation with boards and county and state emergency management offices, include within the standards to be developed under this subsection public shelter design criteria to be incorporated into the Florida Building Code. The new criteria must be designed to ensure that appropriate new educational facilities can serve as public shelters for emergency management purposes. A facility, or an appropriate area within a facility, for which a design contract is entered into after the effective date of the inclusion of the public shelter criteria in the code must be built in compliance with the amended code unless the facility or a part of it is exempted from using the new shelter criteria due to its location, size, or other characteristics by the applicable board with the concurrence of the applicable local emergency management agency or the Department of Community Affairs. Any educational facility located or proposed to be located in an identified category 1, 2, or 3 evacuation zone is not subject to the requirements of this subsection. If the regional planning council region in which the county is located does not have a hurricane evacuation shelter deficit, as determined by the Department of Community Affairs, educational facilities within the planning council region are not required to incorporate the public shelter criteria.

EXHIBIT D

PREPARING SCHOOL AND DISTRICT SITES FOR THE STORM

Prior to June 1 of each year, please assign staff to be responsible for the items listed below. *Please review this list prior to each storm event*.

A. *Before your school closes for a hurricane event*, update the message on your answering machines to include
   1. District's Hot Line Number (754) 321-0321
   2. Broward County Hurricane Hot Line Number (954) 831-4000.

This action will forward callers to the proper channels for up-to-date emergency information during the storm and will prevent phone calls from flooding the District's Security Office.

B. All District staff personnel involved in emergency school operations:
   1. Keep your cell phones turned on and as fully charged as possible.
   2. Carry your spare battery and phone chargers with you at all times.
   3. Activate your cellular phone message receiving service.
   4. Have at least one *regular basic telephone* (non-portable) that is *not* connected to an answering machine or cable service available. This is to guarantee phone service for as long as the phone system is operating, even if electrical power fails.
   5. Update emergency contact numbers for all personnel who will be involved in emergency school operations. Forward the information to the Manager, Emergency Management at (754) 321-1917 (fax). Call the Manager, Emergency Magement at (754) 321-1900 if you need assistance.

C. Each site should assign responsible personnel to perform the following tasks:
   1. If there is construction at your school or District site, contact your Project Manager to implement tie down procedures.
   2. Elevators should be sent to the second floor or higher. Turn off the power by the main line disconnect located in the elevator equipment room. AFTER THE STORM: If there is any water damage, have the unit checked out before re-energizing.
   3. Hatch bolts on double glass doors in the lock down position.
   4. Lock down roof hatches.
   5. Latch down/lock down windows designated as second means of egress.
   6. All objects that may be blown about by the wind should be taken into the building (such as traffic cones, garbage cans, outdoor furniture, etc.). Anchor objects that cannot be brought inside. Also, check building roofs for loose objects.
   7. Clean out all gutters and roof drains.
   8. Relocate all portable physical education equipment to the interior of the school.
   9. Take down and store baseball backstop, soccer goals, and outfield netting.
   10. Secure small bleachers.
   11. Close the metal slatted louvers provided on the windows (if applicable to your school).
   12. Close and secure all windows (if applicable).
   13. Take down and properly store all cloth and/or non-permanent coverings from the exterior of the site, including those over playgrounds and food tents.
   14. Pools - (where applicable).
       a. Lower the water level of your swimming pool one (1) foot to accommodate heavy rains, but do not drain it completely.
       b. Add extra chlorine to the pool to prevent contamination.
       c. Turn off electricity to pool equipment.
   11. Check fuel in generator and emergency lights (if applicable). FILL OUT GENERATOR LOG FORM.
   12. Check battery operated lights (if applicable).
   13. Remove lettering from school marquees.
   14. Make sure all exterior doors are closed and locked – especially double door Mechanical Rooms.
   15. Close gates to dumpster enclosure areas (if applicable).
   16. Secure all dumpster lids.
   17. Remove and store all flags and other banners.
   18. Schools with vehicles should park the vehicles next to a solid wall with no windows and away from trees. *Do not block any building doors.*
   19. Make sure the pallet of emergency supplies/materials is available and fully stocked.
   20. Computers - Refer to Emergency Procedures section on "Computers" for proper shut down procedures.
   21. Media Areas: Refer to Emergency Procedures section for proper shut down procedures for Media Centers.
   22. Computer Labs: Refer to Emergency Procedures section for proper shut down procedures for Computer Labs.
   23. All bleachers 48" high or greater must be anchored or secured. Bleachers lower than 48" must be secured, anchored, or brought into a protective area (gym, courtyard, etc).
   24. Place all milk and ice cream into an appropriate refrigerator and/or freezer that is connected to the school's emergency generator if the milk or ice cream cooler is not connected to the Emergency Generator.
   25. Information will be given as to when to apply the adhesive backed work detail poster to your facility's lexan placard located at the front of your facility.

EXHIBIT E BASIC STORM PREPARATION RECOMMENDATIONS FOR EMPLOYEE HOMES

PREPARING YOUR CAR:

1. "Comprehensive" auto coverage should protect your car from damage caused by a hurricane, including flood damage. But check with your agent to be sure you are adequately covered.
2. As you review your auto insurance, check to see whether you are covered for wind damage, and ask whether the policy will replace personal items in your car.
3. You may have to pay more for comprehensive coverage. You can save money by increasing the deductible.
4. Supplies for the trunk:
   a. Spare tire, properly inflated.
   b. Sturdy jack, in working order.
   c. Bottled water – for drinking or overheated radiator.
   d. Booster cables.
   e. Basic tools, including screwdrivers, wrenches and a hammer.
   f. Folding shovel, to dig you out of holes if you get stuck.
   g. Flashlight and extra batteries.
   h. Rain gear and extra clothes.
   i. Emergency flares.
   j. First-Aid Kit.

IMPORTANT PAPERS:

Long before a storm threatens, collect important documents and items. Put them into a waterproof container, then keep the container in a safe place, perhaps a safety deposit box. Here is a list of some paperwork and items to gather:

1. Identification, including birth certificates, driver's licenses, passports, visas, Social Security cards, voter registration cards and green cards, for all members of the family. If your neighborhood is damaged, you might need such identification to regain access to your property.
2. Insurance policies – homeowners, flood, life, medical, auto, boat, plane and any other documents that outline property insurance coverage.
3. Bank account records, Mortgage and other loan information.
4. Investment records, trusts, wills.
5. Employer benefit statements.
6. Bills.
7. Credit card statements.
8. Income tax records, including copies of past returns, proof of estimated tax payments.
9. Marriage certificates and divorce decrees.
10. Titles, deeds, registrations for property owned.
11. Identify records that you or financial institutions keep only on computer, then make printouts or copy them to a disk; they may not be available in case of power failure or flooding.
12. Irreplaceable photographs, videotapes, family heirlooms.
13. If you keep papers and items in a safe-deposit box at a bank, make sure you have a list of items kept there and copies of papers.
14. Notify appropriate people where important information will be in case you are not available when needed.

WHAT TO BRING TO A SHELTER

- Flashlight with extra batteries
- Snack for the first 24 hours
- Blankets, cots or sleeping bags, pillows
- Eyeglasses, hearing aids, dentures
- Wheel chair battery charger
- Hearing Aid spare battery
- Radio with extra batteries
- Special-diet food
- Identification
- Medicines
- Baby food and diapers
- Photocopies of valuable papers
- Toiletries, first-aid kit
- Playing cards, games or books

 (c) School Board of Broward County, FL

EXHIBIT F

School Performance and Accountability
Emergency Procedures for Schools

I. Download updated Emergency Preparedness Manual from the Safety Department website: www.broward.k12.fl.us/safetydept
The manual is listed under the Reference Materials Section and is password protected. The password for all documents issued by the Safety Department is "*safety*." Principal and assistant principals must have a copy of the manual with them at all times.
   a. All administrative staff must read the Emergency Preparedness Manual and familiarize themselves with procedures in the book.
   b. When school is on a hurricane/storm watch, begin to prepare school as per Emergency Preparedness Manual. All employees should have the Broward County Public Schools Emergency Card that indicates various resources to monitor for emergency updates. The cards are available online from the Communications & Media Relations Department.
   c. The Chief School Performance and Accountability Officer will notify school principals if schools are to close.
   d. When an emergency is declared, bridge calls will be established and will continue for the anticipated period of emergency. Principals should have reviewed alphabetical callback list with all staff. All principals and second in commands must have their documents, bridge numbers and all staff information and emergency numbers with them. The bridge calls will provide on-going information and principals are expected to be on all calls. If a principal is not on the bridge call, the second in command will be contacted by the Innovation Zone Director. It is recommended that all staff have at least one old-fashioned landline **push button** (rotary style phones cannot be used for conference calls) telephone at their home in the event of a power failure. Tip: a speakerphone is very helpful to have during the bridge calls.
   e. Prior to being released to assess their school, maintenance will conduct a Safety survey.
   f. After the storm, personnel are not to go to the school until the principal receives an "all clear" from the Chief School Performance and Accountability Officer. Administration or key staff will be notified on a bridge call when they will be cleared to go to their schools. If communication is down, listen to WIOD or local television stations for directions. It is recommended that each school site have a pre-arranged team to visit the school after we receive the all clear that it is safe to go out to our schools, to check for interior damage. This team should have at a minimum, an administrator and a service person, in communication with each other. The Manager, Emergency Management will contact Food Services to have a cafeteria person meet with the school team. **No one should go into a school alone.**
   g. As part of your school's post-storm plan you should have staff assigned to keep the school site accessible from 7 a.m. to 7 p.m. to allow various district personnel and/or vendors to pick up trash containers, deliver fuel or food, etc.

II. Assessment of School
   a. Key staff must assess school based on the checklist.
   b. Be prepared on the bridge calls to report out on items that need assistance, based on the check-off list that you received from the School Performance & Accountability Office.

 (c) School Board of Broward County, FL

Cell Phone Usage during Hurricane Season

Following are some tips pertaining to your cell phone when we find ourselves faced with a Storm.

In preparation for a storm, it is important to fully charge your cell phone in case there is a loss of municipal power. Suggestions for maintaining a battery in order to stay connected via cell service are:

1. Make sure that you have a car charger for your phone. If you use your car when municipal power is out – be sure to charge up your phone(s) while it is running.
2. Families that have multiple phones should consider leaving most of their phones off, and using the devices one after the other as batteries are used.
3. If you have old AT&T phones in your home, charge them as well. Your SIM card can always be moved to another phone if your primary phone should die.
4. Turn off your cell phone when not needed in order to prolong battery life.
5. Remember to limit the number of services running on a Blackberry phone if they are not needed. Shut off the Bluetooth, Wi-Fi, and GPS antennas if those are running on your phone but are not needed. These all decrease battery life.
6. Consider buying a commercial battery booster for your cell phone. These products are typically found at Radio Shack, Best Buy, Target, Wal-Mart, Lowes, or Home Depot.

During times of heavy cellular call traffic after a storm, it is often easier to send text messages rather than placing calls. As long as the cell tower you are connected to is operational, text messages will often go through when it is not possible to make a voice call. Keep in mind that there may be a delay in delivery of the messages and receipt of incoming messages. Blackberry phones call also send PIN messages to one another. These messages have the same general benefits as text messaging, but do not have restrictions on message length. It is important to add the PIN numbers to the contact information of other Blackberry users in your Blackberry in advance of a storm. The PIN number for a Blackberry can be found by going to the Settings, Options, Status menu options.
